

Park Shore Landings

PROJECTS UPDATE:

- Damaged trees and debris have been cleaned up around PSL – grateful!
 - Storage room door replacement begins soon!
 - All buildings currently have active projects!
-

Painting Update

Hein Brothers are currently painting the rails on the front side of the building. After this, they will be doing a light pressure washing on the buildings to remove paint chips and will be cleaning and prepping the doors for painting. Irma put a chink in the shining armor of our timely plans...but we are still on track to have PSL painting completed by Nov. 15th at the latest! I will keep you posted as painting progresses!

Hotwire Update

The initial fiber installation into each unit is now complete. The next phase will involve meeting with all of the homeowners to discuss options of box placement, services offered and answer all questions you might have! This will begin in November and continue until they have met with every homeowner.

ATTENTION:

Please take extra precaution when walking on the wet newly resurfaced areas around the pool and social room. Until the topcoat has had time to properly dry (without Mother Nature interfering), it can be slick when walking on!

Thank you

So many of you have been so gracious and complimentary to Toby and I since Irma cast her spell on PSL. Your words are appreciated and are very heartfelt. We both thank you all for your kindness!

Office Hour Update

Sherry will be out of the office – from Oct. 9 – 13 and will be available by limited email access.

Toby will be on-site during his regular hours

**M, W, Th 7:45 – 11:30 and T,
Fr, 7:45 – 4.**
